✉ chafan295@gmail.com

I am a passionate and skilled Full Stack Developer with a strong focus on creating modern, responsive, and high-performing web applications. While I have experience in both frontend and backend technologies, my core expertise lies in frontend development — from designing elegant user interfaces to building smooth and responsive user experiences.

- React.js | Vite | Tailwind CSS | Responsive Design
- Node.js | Express.js | REST APIs | JWT Authentication | bcrypt
- GitHub

CERTIFICATE

PNY Trainings – Arfa IT Tower

Full Stack Development

EXPERIENCE

Frontend Development

I have 2 months of frontend development experience from Excellence Code Solution, where I worked on real client projects using HTML, CSS, JavaScript, React.js, and Tailwind CSS to build responsive and user-friendly web interfaces.

PROJECTS

- LMS (Learning Management System) – Built a responsive dashboard for students and teachers using React.js and Tailwind CSS.
- Khat Khazana Archive – Created a historical letter archive with filtering and dynamic routing.
- Netflix & Uber Clones – Recreated UIs using React.js to enhance layout and animation skills.
- 50+ Frontend Projects – Designed multiple responsive interfaces including landing pages, portfolios, and eCommerce UIs.
